TITLE INDEX

A DEA model to evaluate car efficiency, 1493
A latent variable model of consumer taste determination and taste change for complex carbohydrates, 1643
A model of female labour supply in which supply is dependent upon the chances of finding a job, 1379
A new approach to dating and predicting Australian business cycle phase changes, 861
A quality-adjusted price index for mainframe computers, 1605
A study of petrol consumption using Spanish panel data, 795
A vector autoregressive model of the British Columbia regional economy, 877
Accounting for US current account deficits: an empirical investigation, 787
Advanced consideration of migration and the choice of destination: a joint decision, 259
Aggregate returns to scale in Greek manufacturing, 1673
Agriculture's environment externalities: DEA evidence for French agriculture, 331
An empirical investigation of the causal relationship between openness and economic growth in China, 1679
An empirical study of cereal crop production and technical efficiency of private farmers in Ethiopia: a mixed fixed-random coefficients approach, 1217
An empirical study of the 'rule of thumb' consumption model in five East Asian countries, 1271
An occupational choice model of crime switching, 655
Applied production theory: explicit, flexible, and general functional forms, 1483
Are consumers Ricardian when some are liquidity constrained? Evidence for the United States, 821
Are experts' expectations rational? A multicurrency analysis, 803
Are vacancies difficult to fill? An empirical investigation of the Dutch labour market, 349

Balance growth and public capital: an empirical analysis, 1045
Behavioural differences among hospitals: is it ownership or location?, 1125
Bootstrapping unit root tests, 1155

Calculating marginal effects in models for zero expenditures in household budgets using a Heckman-type correction, 1311
Can volunteer work help explain the male–female earnings gap?, 707
Capital stock estimates for major sectors and disaggregated manufacturing in selected OECD countries, 563
Children and female labour supply behaviour, 1303
Church attendance in Great Britain: an order logit approach, 125
Co-movements of OECD growth cycles, 135
Cointegration: implications for the market efficiencies of the high fructose corn syrup and refined sugar markets, 225
Combining forecasts, encompassing and the properties of UK macroeconomic forecasts, 1447
Company bankruptcies and births matter, 647
Consumer promotion and purchase timing: the case of cheese, 445
Consumption demand, saving behaviour and rational expectations: an application of disequilibrium modelling to China 1952–1992, 1411
Corporate governance, performance and take-overs: an empirical analysis of UK mergers, 1465
Counterfiscal policies and partisan politics: evidence from industrial countries, 145
Credit rationing, deregulation and race in mortgage lending in the United States 1960–90, 1337
Cyclical and causal relations between real wages and employment in the EU, 311
Cyclical fluctuations and coordination in the US steel industry, 279

Demand analysis for fish in Indonesia, 95
Demand functions for museum services, 1553
Demand systems and the true subindex of the cost-of-living for pharmaceuticals, 1179
Devaluations and aggregate output fluctuations: a random coefficient regression model for Mexico, 1575
Devaluations and depreciation expectations in the EMS, 471
Did the technical efficiency of state enterprises improve with the same speed in all provinces in China?, 269
Disability benefits, replacement ratios and the labour market. A time series approach, 913
Disability, retirement and unemployment—substitute pathways for labour force exit? An empirical test for the case of Germany, 551
Divestment of foreign production operations, 1365
Does government growth reduce precautionary saving?, 419
Does trade credit redistribution thwart monetary policy? Evidence from Italy, 1619
Dynamic factor demand in a rationing model, 1091
Dynamics of the yen–dollar real exchange rates and the US–Japan real trade balance, 661

Economic decision-making by cohabitors: findings regarding income pooling, 1079
Efficiency estimation with heteroscedasticity in a panel data model, 379
Electoral and partisan cycles between US economic performance and presidential popularity: a comment on Stephen E. Haynes, 1585
Endogenous export prices and the Taiwan–US trade imbalance, 23
Estimates of the demand for energy using cross-country consumption data, 851
Estimating the price elasticity of demand for family and hired farm labour in England and Wales, 1561
Estimation of the specification error in the expectations theory of the term structure, 1239
Evidence of public spending crowding-out from a panel of OECD countries, 1001
Examining impulse response functions in cointegrated systems, 1593
Export performance and growth in China: a cross-provincial analysis, 1353
Exports and economic growth: some empirical evidence from the Arab Gulf countries, 693
Exports, export composition and growth: cointegration and causality evidence for Malaysia, 213

0003–6846 © *1997 Routledge*

Factor productivity and income inequality: a general equilibrium analysis, 1061
Financial liberalization and aggregate consumption from Taiwan, 1525
Forecasting foreign exchange rates in developing economies, 51
Forecasting with the almost ideal demand system: evidence from some alternative dynamic specifications, 935

Going South: the economics of survival and relocation of small market NHL franchises in Canada, 1537
Government and industry performance: a comparative study, 1227

Health-care expenditure and integration in the countries of the European Union, 1
Hedonic prices, goods-specific effects and functional form: inferences from cross-section time series data, 239
Housing, privatization and the 'right to buy', 581
How forcastable is consumption growth? New evidence on the Hall random-walk hypothesis, 1435

Improved estimates of preliminary industrial production data, 673
Income distribution and consumer demand for health services. The case of prescribed medicines in the USA, 497
Income velocity and the variability of money growth: evidence from less developed countries, 485
Inflation and economic growth: a multi-country empirical analysis, 1387
Inflation and economic growth: evidence from a growth equation, 233
Innovation and weak labour disposability: some theoretical and empirical evidence, 1687
International income shifting by US multinational corporations, 925
Investigating Bahrain business cycles, 43
Is cyclical real GNP really more persistent than the trend? 895
Is the real interest rate unstable? Some new evidence, 359
Is utility addictive? The case of alcohol, 1163

Jobless spells and re-employment wages, 1169

Keynes versus Wagner: public expenditure and national income for three African countries, 543

Measuring predetermined socioeconomic 'inputs' when assessing the efficiency of educational outputs, 85
Measuring production efficiency of acute hospitals in Scotland, 1991–1994: validity issues in data envelopment analysis, 1425
Modelling the efficiency of the Canadian foreign exchange market: a bivariate transfer function analysis, 63
Monetary stability and interest-free banking: the case of Iran, 869
Money and monetization in China's economic reform, 1139
Money demand amid financial sector developments in Malaysia, 1201
More on output expectations in manufacturing, 365

Obituary – Professor E. Zabel, 1103
On the adoption of new technologies, 513
On the dynamics of balance of payments constrained growth, 1343
One Divisia money for Europe?, 775
Ownership patterns for durable goods and financial assets: a Rasch analysis, 903

Parametric analysis of cost inefficiency and the decomposition of productivity growth for regulated firms, 339
Parametric tests of allocative efficiency in the manufacturing sectors of India and Pakistan, 11
Persistence of dynamic efficiency in Farrell models, 665
Policy convergence, the exchange rate mechanism and the misalignment of exchange rates. Some tests of purchasing power parity and generalized purchasing power parity, 591
Policy credibility in the ERM: evidence for six countries using an ARCH approach, 627
Portfolio mix and large bank profitability in the USA, 505
Prescribing costs in UK general practice: the impact of hard budget constraints, 393
Price discrimination and economic journals, 1611
Price interrelationships in the vegetable and tropical oils market, 119
Private saving, interest rates and liquidity constraints in LDCs: recent evidence, 607
Privatization and economic growth: an empirical investigation from a sample of developing market economics, 161
Productivity and trade unions in British manufacturing industry 1973–1985, 1403
Public education supply and student performance, 617
Public–private wage differentials in Greece, 1023
Purchasing power parity in the presence of foreign exchange black markets: the case of India, 1147
Purchasing power parity: an analysis based on the evolutionary spectrum, 1515

Quality-adjusted price indexes for portable computers, 1115

Racial discrimination and professional basketball salaries in the 1990s, 287
Racial wage gaps and differences in human capital, 1033
Relative effects of public versus private investment spending on economic efficiency and growth in developing countries, 1325
Residential broadband subscription demand: an econometric analysis of Australian choice experiment data, 1073
Returns to endogenous education: the case of Honduras, 519
Returns to scale and market concentration among the largest survivors of deregulation in the US trucking industry, 101

Sectoral shifts, stock market dispersion and unemployment in Canada, 829
Sectoral shocks and business cycles: a disaggregated analysis of output fluctuations in the UK, 1477
Semi-parametric estimation of the effect of health on labour force participation of married women, 325
Separability and capital aggregation in sectoral models of US production, 955
Shifts in US savings: long-run asset accumulation versus consumption smoothing, 989
Should government fund assisted reproductive techniques? A study using willingness to pay, 841
Some evidence on policy makers' motives, macroeconomic performance and output-inflation trade-offs, 251

Statistical inference for poverty indices with fixed poverty lines, 387
Stochastic production function estimation: small sample properties of ML versus FGLS, 459
Structural breaks in financial share, savings and growth in OECD: 1960–1992, 33

Tariff cuts and US net potential benefits: the case of the US and Mexico, 1509
Team roster turnover and attendance in major league baseball, 425
Technological competition and trade performance, 179
Testing long-run purchasing power with a Bayesian unit root approach: the experience of Canada in the 1950s, 813
Testing producer perceptions of jointly beneficial best management practices for improved water quality, 153
Testing the rationality of exchange rate and interest rate expectations: an empirical study of Australian survey-based expectations, 1011
Testing Wagner's law using disaggregated public expenditure data in the case of Greece: 1958–93, 371
The behaviour of productivity growth rates and price–cost margins during contractions and expansions, 889
The characteristics of the business cycle in Japan, 1105
The cost of air pollution abatement, 759
The credibility of policy announcements: Greek evidence, 699
The cyclical behaviour of prices: G-7 versus non-G7 countries, 683
The demand for alcohol in the United Kingdom, 1655
The demand for car fuel efficiency: some evidence for the UK, 1249
The demand for domestic and imported alcoholic beverages in Ontario, Canada: a dynamic simultaneous equation approach, 945
The determinants of coupon usage, 1631
The determinants of Spanish industrial exports to the European Union, 723
The duration of international joint ventures and foreign wholly-owned subsidiaries, 1255
The dynamics of time varying volatilities in different size second-hand ship prices of the dry-cargo sector, 433
The effect of inflation on the natural rate of output: experimental evidence, 1191
The efficient hypothesis and deregulation: the Greek case, 111
The financial structure and the demand for money in Thailand, 401
The Fisher hypothesis revisited: new evidence, 1055
The impact of human capital on labour productivity in manufacturing sectors of the European Union, 975
The impact on technical efficiency of the UK privatisation programme, 297
The indexation of wages and bonds in Brazil, 1459
The link between tax rates and foreign direct investment, 1295
The Phillips curve, parameter instability and Lucas critique, 7
The relationship between cash flow and investment in the United States at business cycle frequencies, 1283
The underground economy in Spain: an alternative to unemployment?, 733
The wage curve: convexity, kinks, and composition effects, 71
Trade and price variation in an integrated European power market, 745
Trade liberalization and productivity growth: new evidence from the Turkish rubber industry, 639
Transportation costs and product demand: wagering on parimutuel horse racing, 529

Validity of open-ended and payment scale approaches to eliciting willingness to pay, 79
Value-added productivity of manufacturing industries in Japan, 1317

What differentiates industrial business cycles? A cross country investigation, 197
Willingness to pay and willingness to accept: some evidence of an endowment effect, 411
